STATEMENT:

Members of Congress should be elected to represent their district for a limited number of terms. Not staying in office, infinitely, insulating themselves from the normal workaday world and becoming the permanent beneficiaries of political money. That is why I signed the Alaska Term Limits Pledge in 2000. The corporatists that want the country run in their own narrow interests as opposed to the good of society need long-term congressmen, which is why there is a debate over PAC-money (which I won't accept, except from the party campaign committees) and the campaign finance system overall.

This is why there is no ban on or labeling of genetically modified foods. This is why defense contractors can get the Congress to begin the militarization of space, which is akin to the Spanish Armada and the Maginot Line and counter to the spirit of the Nuclear Non-Proliferation Treaty. This is why there is no national health care insurance.

In the words of John Kennedy, America will oppose any foe to assure the survival and the success of liberty. - primarily, the job of the Armed Forces. Yet, our national policies should reflect our bond with all humanity. In this respect, we must veer away from Pax Americana globalism, but seek greater international cooperation to deal with the problems of weapons of mass destruction, poverty, disease and global warming. We can start by trying to get a worldwide consensus for an international council for nuclear disarmament, non-proliferation and inspection.
